

# TRANSLATION AND LOCALIZATION EXPERTS

## CONNECTING THE GLOBAL ECONOMY

Today, there are thousands of languages written and spoken throughout the world. With only 20% of the world's population speaking and understanding English—translation is key to the success of connecting to and competing in the global economy. While there have always been challenges connecting with employees, partners and clients around the globe, there are additional barriers to consider as businesses navigate COVID-19. Adding to traditional challenges, businesses must also consider travel restrictions, social distancing and working remote. As the industry-leader in translation services, U.S. Translation Company partners with businesses to understand their translation needs and quickly assemble a plan and team to step in—regardless of the challenges.

### ABOUT US

- Over 25 years of experience in the language industry
- We have a network of over 2,000 translators around the world
- We are able to translate ANY language
- We serve a diverse set of industries including: finance, medical, direct selling, engineering, pharmaceutical, technology, etc.

In order to maintain an edge in a global economy, **communication is key**. We rely on U.S. Translation Company to provide technical, localized language solutions to meet our clients' needs. We are **extremely satisfied with the results** and would recommend them to anyone doing business in international markets."

Ed Macha | CEO, Reliable Controls

## DOCUMENTS AND FORM TRANSLATIONS

As a trusted translation partner, we work closely with our clients to adapt existing materials to meet the needs of a multilingual communications strategy.

Commonly translated documents:

- Legal and financial documents—including contracts and policies
- Technical documentation and manuals
- Marketing materials and presentations
- Government documents and forms
- Medical forms and patient instructions

**We work with any type of source file.**

**Every project is verified by a dedicated U.S. Translation Company expert as part of our extensive quality check process.**

**Projects are always delivered on-time. Guaranteed.**

### U.S. TRANSLATION COMPANY

Operating as a close-knit team of passionate language industry experts, we focus on the success of our clients. We exceed our clients' expectations by providing unparalleled and personalized customer service by deploying the industry's first and only language platform solution. By disrupting the classic translation and interpretation services provider model, we have enabled clients around the world to enter new markets and increase sales by breaking through barriers in communication and understanding.
